EXPERIENCE

Software Engineer & Team lead

Minute 5 Delivery Limited

04/2019 - Present Kampala, Uganda

Minute5 is a pioneering grocery delivery service in Kampala, dedicated to delivering fresh farm groceries to consumers with speed and affordability.

- Spearheaded the design and development of a robust e-commerce platform for both mobile and web platforms utilizing the following tech stack: SvelteKit, Flutter, Django, python, Postgres, AWS.
- As the team lead, I effectively managed the team of 8, overseeing business operations, financial management, and a 95% satisfaction rate of our customers.
- Reduced delivery times for customer orders to under 45 minutes, significantly outperforming competitors who typically take 2 hours

Software developer & finance manager

Hisabati.me

07/2023 - 09/2023 Kenya

Hisabati.me is an innovative AI tutor specializing in personalized math skill improvement for students.

- Engineered the backend technology for Hisabati using Python and Django, achieving exceptional responsiveness with an industry-leading response latency of approximately 1.5 seconds, a substantial improvement compared to the standard 5-second latency in the field
- Assumed the pivotal role of establishing and maintaining financial records, orchestrating comprehensive finance management, and proficiently crafting budgets and project plans

Software Developer & Finance Manager

Tawala.io

03/2023 - 09/2023 Ghana, Kenya

Tawala.io is a cutting-edge payroll software solution, streamlining payroll processing for employers, simplifying employee payments, and ensuring seamless tax compliance.

- Maintained detailed financial records, expertly managed cash flow, handled return filings, and ensured rigorous tax compliance for Tawala.io
- Architected and developed the backend infrastructure and technology, resulting in the successful creation of a high-performing web application that attracted 10 companies with a combined total of more than 400 employees. It also reduced tax filing time from 2 weeks to just 2 days

EDUCATION

BSc (Hons) Degree in Applied Accounting

Oxford Brookes University

2021 - Present

Anzisha Fellowship

The Anzisha Prize

10/2023 - Present

Technology, business and communications training

MEST (Meltwater School of Technology)

09/2022 - 08/2023
